ENGINEERED PRODUCTS

AIRMAID – Advanced odor and grease build-up reduction system for kitchen grease exhaust.

AMERICAN ALDES – Airlet, fans, airflow control, kitchen and laundry exhaust, duct fittings, grille, roof caps and wall hoods.

BLUE DUCT – Underground pipe, elbows, tee and wye, reducers, boots, diffusers, plenum, end caps & dampers.

COMMERCIAL ACCOUSTICS – HVAC, commercial, industrial, process fan silencers, custom sound enclosures.

DETROIT RADIANT (RE-VERBER-RAY) – Radiant, low intensity, high intensity, luminous electric, portable and unit heaters.

FABRIC-AIR – Fabric duct.

FANTECH – Ceiling, inline, laundry booster fans and speed controls.

GREENHECK – Roof mounted, gravity ventilators, inline, ceiling, sidewall exhaust, utility centrifugal & radial blowers, laboratory exhaust, kitchen ventilation systems, energy recovery, make-up air, industrial air handlers, fan coils, dampers.

GRIPPLE – Seismic and duct cable hanging systems.

HAYS FLUID CONTROLS – WSHP and fan coil connection kits, automatic balancing valves, manual balancing valves, components, pressure independent control valves (PICV), marine products, solenoid valves.

KELLEY – High volume low speed, HVLS destratification fans.

KINETICS NOISE CONTROL – Vibration isolation, noise control, industrial noise and vibration, interior room acoustics, seismic restraint, home & home theater acoustics, duct silencers, plenums and louvers, environmental noise control, precision equipment isolation, cinema acoustics, heavy industrial noise and vibration.

LINDAB – Gasketed duct system meeting SMACNA Class 3 Leakage requirements, Lindab certified spiral.

LEADING EDGE – Ceiling destratification fans.

MARKEL PRODUCTS - Electric heat, controls, thermostats, fans and ventilation, industrial lighting.

MARS AIR SYSTEMS – Air curtains.

METU-STREIMER – Access doors, drain fittings, hangers/duct Supports & circular connectors.

MODINE – Unit heaters, duct furnaces, infrared heaters.

PANASONIC – Ceiling exhaust ventilation systems.

PRICE – Linear & ceiling diffusers, grilles, registers, critical environment and systems, terminal units, fan coils, blower coils, system controls, VAV diffusers, radiant systems, underfloor products, displacement ventilation, noise control.

QMARK – Electric, radiant and infrared, concealed space, garage and baseboard heaters.

SOLARONICS – Gas fired infrared, gas fired radiant, ceramic heater, high intensity, low intensity, 2-stage infrared, space, radiant tube, gas, industrial, commercial, natural gas, propane, energy efficient, compact, tube and door heaters, Suntube, Sun Twin, TrueDual and door jet.

TOXALERT – Gas detection systems (CO, CO2, NO2 & VOC).

WARREN – VAV diffusers, variable air volume terminal units, precision air valves, high efficiency individual room outlet filtration systems and custom built electric duct heaters.

WILLIAMS COMFORT PRODUCTS – Custom fan coils.
